

Dear Families,

As our students are learning about Jordan's Principal and inequalities in our health care system, we want to provide each child with the opportunity to make a contribution to creating change. The grant we received from the BCTF and LTA allows us to give each student at Langley Meadows a loonie to send to Prime Minister Trudeau, asking him to use the money to help make things better for Indigenous children in Canada. Children may want to focus on fair health care, safe and comfy schools or clean drinking water for all. A copy of the letter is attached.

Parents, please let us know if you do NOT want your child to participate in this activity. Just let your son or daughter's teacher know. Your child will be signing their full name (in case the PM wants to write back!) and including the name of our school. Thank you so much for your support, parents!
